Richly coloured embroidered yarns all but cover this Suzani inspired linen cushion. Finished with a smart indigo trimmed border and reverse. Supplied with its feather insert pad. A bit of WY team member endorsement by Charlie - our Account Manager: "My all-time favourite cushion! I love the Alexi cushion in Rouge. It represents everything I love about William Yeoward: colour, texture, pattern... A touch of cheeky fun with a touch of elegance. I have two of these beauties at home, they suit every room. What's not to love? They make me smile every time I plump them."
