

STINA INDIGO COCKTAIL TABLE

£1,220.00

Description

The Stina cocktail tables have been designed as a set of three occasional tables that look particularly fantastic grouped together. They are sold individually but each one has a slightly different height and diameter so that they can 'slot' together to form a fantastic centrepiece. Equally they can of course be used individually dotted around a room. Our small cocktail table has an eggshell inlay top in chalk that sits on a very smart antiqued bronze base. The intricate eggshell inlay is done by hand.
